

Scandinavian Surface®

Photowall Wallpaper specifications

The wallpaper is in delightful silk matte, durable paper.

NCS(Natural Colour System) code on the white colour in the paper is: S 0500 – N

MATERIAL AND INK:

WallPiece comes in 45 cm wide numbered panels for simple mounting.

It is manufactured of Non-Woven, a material that is durable and retains its shape.

The glue is applied directly to the wall and the numbered sections are aligned edge to edge without overlap. It can be coated with matte acrylic laquer for durability and easy maintenance.

The material is:

Waterproof

UV resistant

Fire resistant

Simple to install

Durable

PVC free

Environmentally friendly ink

SIZE:

Fixed size is 405cm Width x 270cm Height (9 panels).

All designs are also available in custom made sizes.

Most of the designs are repeatable. The designs can be flipped horizontally.

For very large formats, please contact us and we will guide you:

post@scandinaviansurface.com

ORDER: european customers

Please order at info@photowall.eu

Please inform about Height x Width, delivery address and invoice address.

NB. It can be wise to add 5 cm both ways as walls seldom are perfectly straight.

For very large walls, add 10 cm.

NB! Remember to inform Photowall if you wish to flip the design.

For very large formats or orders, please contact us and we will guide you:
